Sent from Kentucky. Sustained by you.

Kylie Swenson

Serving in the European Affinity with the IMB

I am a single lady currently serving in a major Eastern European city among Russian-speaking peoples, including refugees, displaced peoples, and Central Asian students. There are unique challenges in diaspora ministry, as well as common ground our team shares with our target group (we were also displaced from our previous country of ministry due to the ongoing conflict in Europe). By God's grace, over the past 3.5 years we have helped plant a Russian-speaking fellowship (the only one in the country) with committed local partners. Most of my work involves that church and pressing into new communities for evangelism.

I lead a small group with young teen girls (ages 13-14). One young lady N seems very close to repenting. Please pray for her! Our team is looking towards a lot of transition in the next year, welcoming new teammates and some preparing to exit this field. I am a graduate of SBTS in Louisville, and Kenwood Baptist Church at Victory Memorial is my sending church.

Prayer Requests

- Pray that we would act wisely and lovingly towards our teammates.
- Pray for local partners in all these changes.
