

# FRONT DOOR EVANGELISM

## Answer Key

### Page 5

1. True and Untrue: People, as a rule do not want you to come into their home, but many are open to talking to you at the front door, or on the front porch.
2. True and untrue: The question I would ask here is, "Effective for what?" If you are hoping to knock on doors on Saturday and fill the church on Sunday, then you may be disappointed but if you want to share Jesus with lost and unchurched people then Front Door Evangelism remains a viable way to do that very thing.
3. True and Untrue: Some will, and some will not.
4. True and Untrue: It is an old tool for evangelism (outdated), but it is still used by pastors and church planters, and by politicians.
5. True: The worst thing ever to happen to me on Front Door Work was to be bit by a dog and occasionally getting a bruised ego.
