# MORE BURMESE CHURCHES NEEDED

*Pray for a great multiplication of multi-language churches*

There once were few multi-language churches in Kentucky. On any given Sunday, nearly 100 KBC churches or sponsored church plants can be heard worshipping in more than 18 different languages! The population of ethno-linguistic groups in the state is growing daily. Approximately, 10,000 Burmese refugees now reside in Kentucky, and more Burmese churches are needed! Please pray:

- for the 98 KBC multi-language churches and missions to grow and multiply.
- for the 117,000 Burmese refugees living in the United States, and that those settling in Kentucky may hear and respond to the gospel.
- for the Lord to open doors for KBC churches to engage the people of the nations who now live in their communities.
- for more KBC churches to partner with existing multi-language works, or to become sponsoring churches for multi-language church planters.

To learn more about partnering to reach the nations in Kentucky, contact [churchplanting@kybaptist.org](mailto:churchplanting@kybaptist.org).
