Hillvue Heights Church of Bowling Green

Discussion Questions

- 1) What idea or statement most caught your attention? Why?
- 2) What are some ways that a baptism team ministry could benefit our church?

Pastor Jamie mentions the importance of following up on shared prayer requests and with those with whom we have good gospel conversations but are not yet ready to surrender to Christ.

- 3) How can we capture that information during initial visits for effective follow up?
- 4) What systems or resources will be needed to remember with whom and about what we need additional contacts?
- 5) How can we help people understand the importance of baptism as the next step of obedience in publicly professing faith in Christ?
- 6) What are some ways we can help taking the steps of obedience easier for people? Use it to help them connect to the church family?
- 7) What are creative ways to celebrate both the individual's baptism as well as steps of obedience taken by others in GTEH?
