

Lostness Indicators

2010 /2020

Are we going the right direction?

About Lostness Indicators Report

Lostness Indicators report was created by the Missions Mobilization Team of the Kentucky Baptist Convention with information from the Glenmary Research Center. The data is compiled from the Religious Congregations & Membership Study: 2020 and the U.S. Religion Census 2020.

The latest study found that in the US:

Largest Denomination

The Catholic Church is the largest denomination in **1,231 counties** (the U.S. has 3,143 counties).

Nondenominational

There are some **44,319** nondenominational churches, a jump of nearly **9,000 over 10 years ago**, and about 9 million adherents.

Most Churches

Southern Baptists have the most churches of any religious group: **51,379**.

Non-Christian

Non-Christian bodies continue to increase their presence. **The number of Muslims, for example, increased from 2.6 million to 4.5 million.** The USRC includes congregation counts of five other non-Christian bodies, and congregation and adherent counts for Bahá'í, three Buddhist groups, three Hindu groups, and four Jewish groups.

Southern Baptists and United Methodists each **lost more than one million members** from 2010 to 2020.

The following pages contain information for all 120 Kentucky counties and is broken down by four categories: attendance*, membership, adherence, and population.

Resources and Next Steps.....	23

* attendance refers to those gathered on any given week for worship.

Church Attendance: How Are We Doing?

There has been a significant decline in church attendance in the United States since the turn of the 21st century, according to multiple surveys of church attendance (Gallup and Pew Research). The trends show that the number of Americans attending church once a week has declined by 12% (from 32% to 20%) since 2000. If we lower the expectation, the number of people attending church once a month has declined by only 2% in the last 20 years, from 13% to 11%. It's important to note that the number of Americans who never or seldom attend a religious service has increased by 7%.

Meanwhile, the decline in church (synagogue, mosque or temple) attendance in the United States varies by demographics. Americans who are younger or older are more likely than those in the middle age groups to have experienced a drop in their church attendance. Black Americans are also more likely than others to see a sharp decline in church attendance.

While church attendance may be declining in America, Kentucky doesn't exactly mirror the trend according to Glenmary research (2020). Kentucky experienced an attendance increase, from an average of 13.9% in 2010 to 14.6% in 2020 and a 2.5% increase over 2000 average attendance of 12.1%.

However, these percentage statistics are not necessarily cause for celebration because the number of people attending Kentucky churches has decreased and here's why. Kentucky's population was 4,339,367 in 2010. Since average attendance was 13.9%, that means 3,730,195 (86.1%) people were not in church on any-given Sunday. Kentucky's population increased to 4,505,836 in 2020 and average attendance was 14.6%. While there may have been a percentage increase in average attendance, because of the population increase the number of people not attending a church on any-given Sunday was 3,847,984 (85.4%).

That's an increase of 117,789 non-attenders!

Church leaders should look at these statistics with hope, motivation, and some concern. We have the responsibility and opportunity to connect people in our community with Jesus Christ through the local church. Now is the time to increase our commitment to evangelism, missions, and discipleship while opening our doors to the least of these. What steps will your church take to increase attendance that results in baptizing believers, making disciples and sending members on mission?

Attendance Summary

Average Weekly Attendance in ANY Church

Average Weekly Attendance by County

0–9% Average Attendance 26.6% or 32 counties

10–19% Average Attendance 56.7% or 68 counties

Greater than 20% Average Attendance 16.7% or 20 counties

0–9% Average Attendance 27.5% or 26 counties

10–19% Average Attendance 50.8% or 68 counties

Greater than 20% Average Attendance 21.7% or 26 counties

What Does Church Membership Look Like?

According to recent research (Gallup 2021), there has been a continued decline in church membership. The number of Americans who say they belong to a church, synagogue or mosque is down 23% from what it was in 1999.

The two main things driving the drop in church membership is more adults with no religious preference and falling rates of church membership among those who do claim religious adherence. These trends are obvious in each of the generations over time.

Overall, while church membership is declining in America, the rate of decline in Kentucky isn't quite as steep according to the most recent Glenmary research (2020). How will Kentucky Baptist churches respond to these changing times?

Percentage of Kentuckians Claiming Church Membership:

20 Counties Where Largest Percentage of Church Membership is Something OTHER THAN Southern Baptist:

Adair – United Methodist Church
Bath – Non-denominational Christian Church
Bracken – Christian Churches and Churches of Christ
Breathitt – United Methodist Church
Cumberland – United Methodist Church
Elliott – United Methodist Church
Fleming – United Methodist Church
Harrison – Christian Churches and Churches of Christ
Jessamine – Christian Churches and Churches of Christ
Johnson – National Association of Free Will Baptists
Lee – Churches of Christ
Lewis – Christian Churches and Churches of Christ
Magoffin – Non-denominational Christian Churches
Martin – National Association of Free Will Baptists
Mason – United Methodist Church
Morgan – Non-denominational Christian Churches
Nicholas – United Methodist Church
Oldham – United Methodist Church
Robertson – United Methodist Church
Wolfe – Non-denominational Christian Churches

0-9%	.83%	or 1 county

A person wearing a grey jacket and dark pants stands on a gravel shoulder next to a paved road. A dark blue backpack lies on the gravel. The road stretches into the distance under a bright sky with a lens flare effect on the right. The scene is backlit by the sun, creating a warm, golden glow.

“What man of you, having a hundred sheep, if he loses one of them, does not leave the ninety-nine in the wilderness, and go after the one which is lost until he finds it?”

Luke 15:4 (NKJV)

“For the Scripture says,
‘Whoever believes on Him
will not be put to shame.’
For there is no distinction
between Jew and Greek, for
the same Lord over all is rich
to all who call upon Him. For
whoever calls
on the name of the Lord shall
be saved.”

Population Summary

Kentucky's total population _____

A Population increase
of 3.8% from 2010

Resources and Next Steps:

The *Lostness Indicators Report 2020* contains information that provides hope, motivation and some concern for the spiritual climate in which we live. How will your church respond to the information shared? What next steps will your church take?

Here are only a few of the many resources provided by the Kentucky Baptist Convention to assist churches in reaching the lost, making disciples and mobilizing believers. We pray that their use will contribute to healthy growing churches in Kentucky. Contact our KBC teams for these and other resources to assist your church in reaching Kentucky and the world for Christ.

Missions Mobilization Team, Eric Allen, Leader:

502-489-3530 & kybaptist.org/mobilization

- **Community Assessment**

Discover where God is working and how your church is uniquely gifted to reach the community around you. Understanding the “sweet spot” where your church and community intersect leads to effective transformational ministry that opens doors for gospel conversations.

- **MAP – Missions Assessment Profile**

A diagnostic tool designed to help church leaders determine where they are strong and where they are weak in twelve different areas, so that you

can strengthen your missions effectiveness and commitment. It helps churches reflect on their mission identity in comparison to what a fully missions-mobilized church looks like.

- **Every Church on Mission** (kybaptist.org/ECOM)

Every church, regardless of size, location or demographic, is capable of taking its next missional step. Lead your church to take its next step, locally and/or globally, toward fulfillment of the Great Commission with the help of ECOM resources.

Church Consulting and Revitalization Team, Steve Rice, Leader:

502-489-3340 & kybaptist.org/event/revitalize/

- **Lead to Revitalize: 15 Practices of a Church Revitalization Leader**

No process or strategy can be accomplished without a gifted and knowledgeable leader leading the way. Lead to Revitalize! unearths the essential leadership principles and practices pastors spearheading church revitalization must know, embrace, and practice.

- **The Deacon Ministry Handbook: A Practical Guide for Servant Leadership**

If you ask any pastor what keeps their church moving forward, they will likely point to the serving work of the deacon. Through this book, Alan Witham, Steve Rice, and their teammates bring clarity to the role of deacon by providing a practical guide that serves as

The Deacon Ministry Handbook. The authors bring decades of local church experience having served as deacons, pastors, and consultants.

- **40 Days of Prayer (Devotional)**

Where is your church on its spiritual journey? Are you experiencing breath-taking highs, or soul-numbing lows? Wherever you are on your spiritual journey, this 40-day devotional prayer guide will help you on your way.

- **Reaching the Next Generation** (kybaptist.org/reachingthenextgeneration/) – Resources and training to help church leaders mobilize their congregations to engage lost middle and high school students in their communities.

Evangelism Team, Rob Patterson, Leader:

502-489-3576 & www.kybaptist.org/evangelism

- **E-MAP – The Evangelism Ministry Assessment Profile** helps churches assess their current evangelistic activity in comparison to what a culture of evangelism could look like in your unique context. kybaptist.org/e-map

- **Every Student Every Campus** – Impact your local collegiate campus by discovering, developing, and partnering with a Campus Missionary Leader. kybaptist.org/bcm

- **Church Multiplied** – Take your next step to becoming a Multiplying Church by finding resources for multiplying disciples, leaders and churches. kybaptist.org/churchmultiplied

Missions Mobilization Team, 502-489-3530 & missions@kybaptist.org.
Special thanks to Sitha Powell, Missions Mobilization Team assistant,
for gleaning and compiling data for the report.
