

Kentucky Baptist Hunger Relief Ministry Testimonies

“Since 2011, God began answering our prayers as a faith family. He shows us the physical and spiritual needs in our area and provides the resources to meet them. The partnership of the KBC through the Global Hunger offering allows us to meet both the spiritual and physical needs of our community through The Lord’s Café.”

— **Grant Hasty, Pastor, Crossroads Community Baptist Church, Stearns, KY**

“We are to agents of transformation in our community - feeding our neighbors physically, emotionally, and spiritually. KBC hunger funds relieve some of the financial pressure by supplying the means to purchase food for our soup kitchen and emergency food pantry. This allows us to focus on the emotional and spiritual aspects of the ministry.”

- **Michele Ison, Ministry Director, New Life Baptist Church, Owensboro, KY**

“We are so thankful for the Kentucky Baptist Hunger Fund. It is a huge help to us as we serve 1,300 to 1,400 families bi-monthly. It is more than physical needs. God is using the food to get them help for their Spiritual needs as well. We take the time to listen to their concerns, hurts, and needs. This opens the door to share the Gospel of Jesus and have prayer with them.”

- **Debbie Hilterbrand, Director, Jehovah-Jireh Ministries, Mays Lick Baptist Church, KY**

“As a result of the food distribution through God’s Appalachian Partnership, one lady who accepted Christ came in to let us know her husband had accepted Christ and has since got a job. Her words – I never knew it could be this good.”

-**John Morris, Director, G.A.P., McDowell, KY**

“The Global Hunger funds have been such a blessing to our food ministry and emergency pantry. The Hunger funds combined with other donations have made it possible for us to distribute to nearly 4,000 families during the last year.

-**James Roaden, Pastor, Canadatown Baptist Church, Williamsburg, KY**

“Global Hunger funds help us minister to hurting individuals that are looking for a warm cooked meal. Hunger funds help us to serve our community. We believe that God desires our lives to be full of His joy, love, and power. Providing a warm meal and care for a person who is hungry, homeless, or hurting is such a small thing to do, but it has the power to change a life. For someone experiencing hard times, it's more than a meal. it's HOPE.”

Adam Crews, Pastor, HOPE Ministry, First Baptist Church, Covington KY

“Global hunger funds help make it possible for Re:Center Ministries to love and care for many who are homeless and hurting. Through the generosity of Kentucky Baptists, we were able to serve over 52,000 meals to men and women. This has a huge impact on our ministry as it opens the door to build relationships and carry on the ministry of reconciliation.”

Andrew Crawford, Executive Director, Re:Center Ministries, Louisville, KY
